GRIPPS®

ANSI/ISEA 121-2018 COMPLIANT

H02037P

TABLET GRIPPER WITH COIL TETHER SINGLE ACTION 1.0KG

1.9LB 0.85KG

MAX LOAD:

Tether your tablet device 'on-demand' with GRIPPS® Tablet Gripper.

Used in conjunction with a load-rated tether, the Tablet Gripper uses purpose-built silicon to create a load-rated tethering solution with zero impact on device operation. The GRIPPS® Tablet Gripper effortlessly glides over your device, providing a damage-free experience, unlike traditional device tethers. This device will give you convenient and safe tablet use when working at height.

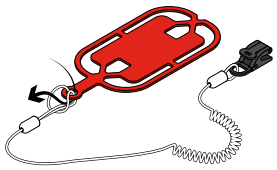
KEY FEATURES

SPECIFICATIONS

SKU	MAX LOAD (TABLET GRIPPER)	MAX LOAD (COIL TETHER)
H02037P	0.85KG | 1.9LBS	1.0KG | 2.2LBS

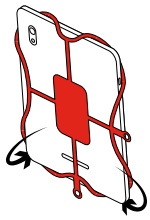
HOW TO USE

1



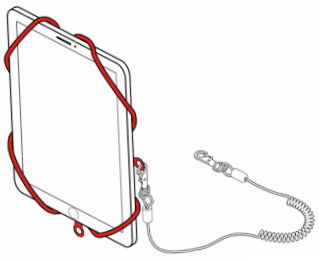
Pass Coil Tether through the circular hole of Phone Gripper and weave Coil Tether back through it's own loop to create a choke-hold. Pull tight.

2



Pull all four corners of Phone Gripper endings over the corners of your mobile phone to the front side. Ensure all corners are firmly applied and Phone Gripper has a snug fit over mobile phone.

3



Apply clip of coil tether to your clothing by sliding clip over garment and snap shut clip. Ensure clip is closed correctly by testing - firmly pull on tether to check for a secure hold.
